

Hygiene + Safety rules

Important information for all drivers!

You transport **IFS-Logistics goods** for KLEYLING (food, packaging material and/or household goods etc.).

Please **observe** the following **hygiene and safety rules** when transporting, loading/unloading IFS goods:

For your personal safety

- Wear a safety **waistcoat** and **safety shoes** when loading/unloading
- Make sure you have **clean clothes** and **clean shoes** (mandatory).
- Always keep a **safe distance of about 1,50 meters** from **other persons**
- **Wash** or **disinfect** your hands **before handling food!**
- **Mandatory masking** during loading/unloading + load securing

Cleanliness in the cargo area + loading area

- No eating, drinking or smoking in the loading space/area!
- No foreign bags, backpacks in the loading space/area!
- Pets are not allowed to be taken along.

Hygiene + safety during loading

Before loading, check that the loading space/area

- is **clean, dry, odourless** and/or **undamaged!**
- IFS goods may only be **transported** if **your vehicle is o.k.!**

When loading, check that

- **it is the right product + all goods are clean and undamaged!**
- **Inform KLEYLING immediately** if there are **any problems!**

Observe the prohibition of mixed loading: Food must not be loaded together

- be transported with **dangerous goods!**
- Be transported with **waste, recycling material, empty packaging!**

Load securing is mandatory! (by law)

- **You are responsible for securing the load!**
- Ensure **correct and complete load securing!**

Safety during transport

- **The trailer must not be opened during transport!**
- The truck must always be locked! No foreign persons may be allowed in the truck + loading space!
- Please stop only at safe parking/rest areas.
- In case of accidents, signs of burglary, vandalism, wilful damage to the vehicle, please inform KLEYLING and the police immediately!

Many thanks for
your support!
